

## WEBINAR:

# Managing Risk in the New Normal

9 September 2020 (Wednesday) 9:00 a.m – 1:00 p.m

Risk management is a core driver in helping organisations build strategies to face new challenges in a constantly changing business landscape. Technology disruption will continue to have serious impact on organisations and crisis management is vital for business continuity. In the new regulatory and compliance environment, listed companies need to highlight the actions taken to identify and manage risks. This session will equip you with the fundamentals to better understand how the adequacy and effectiveness of risk management framework is assessed. This will assist you to provide greater assurance to investors that the business has put in place appropriate systems and processes vital to safeguard itself from risk challenges in the new normal.

### LEARNING OUTCOMES:

- Understand the key components of Risk Management Framework
- Understand process of identifying, assessing, responding, monitoring and reporting business risk
- Awareness of various emerging risks that impact businesses in the new normal
- Understand the relevance of risk management in a crisis for business continuity and sustainability
