What is IR?

Investor Relations (IR) is a process through which a Public Listed Company (PLC) organises and conducts itself in effective two-way communications with its shareholders, the financial community and other stakeholders with the objective of accurately representing the company, achieving a fair market value for the company's securities and ultimately lowering its cost of capital.

Who is MIRA?

Malaysian Investor Relations Association (MIRA) is Malaysia's first and only professional association committed to developing and advancing the status and integrity of IR Professionals and the proficiency of its members in the field of IR. Established in 2007, MIRA is a company limited by guarantee. The office of its Chief Executive reports to an Independent Board comprising IR professionals and senior management of leading PLCs.

MIRA is sponsored by Bursa Malaysia and funded by the Capital Market Development Fund (CMDf).
