

Ultimate Share Performance

– Unlock Your Company's True Valuation

Intensive 3-Hour Training
Giving You Peak Equity
Performance

Wanting a higher share
price? Yes!

Follow the Maestro™ Share
system and you will add millions &
millions to your company's value.

You can add an average 45% to
the market value of a company
easily!

Qualvin Research
results of 168
KLSE/SGX- listed
companies.

GREAT INVESTOR RELATIONS (IR) means you have a firm and strong share. In volatile markets, only a company with a strong share will weather the storm. A weak share will always hurt your company: painful raising funds, morale is shattered, owners wealth is slashed, suppliers and customers loose confidence, other CEO/CFOs ignore you.

IN YOUR 3 HOUR TRAINING:

Every Director, CEO, CFO, IRO & PR,
wants to boost your share performance.

- Learn WHY investor relations is critical to your equity market value
- You conduct an Investor Relations Performance Review.
- Choose your key actions to: get loyal investor following, more analyst coverage, higher share liquidity, and get your share price higher.

The training will feature
PAUL ANTHONY ZAMAN
an expert who has helped
dozens of companies listed
on Singapore, USA, HK,
and Malaysia exchanges.

Paul Anthony at GoldmanSachs
JBWere led the Telstra's 14 billion dollar
float. Fund managers said 'Paul is the
best analyst in Australia'. Paul also
headed ING Barings S.E. Asia research.
He is the CEO of Qualvin Advisory Pte
Ltd, providing consulting, coaching and
training on sustainable wealth, visioning
& strategy, and investor relations.
