

Beneficial Ownership and AccessIR™

Who is controlling your shares and are you targeting the right investors?

- Are some of your investors' shares held via nominee/ custodian/ asset management accounts?
- Do you know who are the beneficial owners and what is their investment strategy with regards to your company?
- Who should you be targeting to improve share price and access to capital?

In this webinar, find out how to identify who controls your institutional investors and how they make their decisions. This will allow you to better communicate with them and understand their investment strategy.

Being informed opens up improved investor targeting and other non-equity funding opportunities for your company.

This seminar is aimed at Investor Relations Officers, Investment Directors and Company Secretaries.

Date: 19 January 2023

Time: 10.00–11.30am

Location: Online Webinar links provided upon registration

Fee: RM150 (MIRA Member) / RM250 (Non - MIRA Member)
