

Managing Corporate Governance Challenges: Compliance Reality

27 June 2019 (Thursday) | The Theatre, Bursa Malaysia, Kuala Lumpur | 9:00 a.m

The current competitive global business landscape coupled with the complex regulatory financial reporting compliance standards, demand Directors and Management to continuously strengthen its governance control processes and to streamline strategic planning initiatives in order to adequately discharge their fiduciary duties and legal responsibilities. Accordingly, regular assessment into bold innovative business model is essential, if not present business shall be eliminated or made irrelevant by new disruptive technologies using more effective customer centric focus strategy to gain market leadership share and enhance its overall earnings potential.

This concise half day information sharing of Malaysian corporate case studies and business fundamentals, shall enlighten participants in today's real boardroom challenges with useful guide to--

- Examine the latest governance best practices and financial reporting compliance requirements,
- Assess the value creation proposition in relation to long-term revenue pillars for sustainability,
- Evaluate business model to eliminate fraud opportunities by driving culture and shared values for dynamic performance delivery, and
- Shape transformative action plan for long-term value creation.
